

# Road Map Supervision

Julia Taylor

Advanced Nurse & GP Trainer  
GP Training Programme Director  
HEE Clinical Adviser

# Why is this supervision different?

- To provide governance – supports a new standard
- Primary Care Setting – multi-professional approach
- Practitioners seeing undifferentiated presentations and & undiagnosed conditions - diagnostic clinicians
- Undertaking Workplace Based Assessments (WPBA)
- Verifying practice – academic level 7 - held to account

# Roadmap supervisor training

- HEE Centre Recognised 70 sentinel trainers (on cohort 4 of 5 currently)
- HEE Centre Roadmap Supervisor directory 250 already (since November)
- Aligns with GP supervisor training – GMC

# Portfolio

## Stage 2 – application to practice

- Uses RCGP WPBA Framework
- Range of triangulated evidence
  - WPBA – observed practice (COT & CEP), knowledge informing practice (CBD)
  - Learning logs, patient (PSQ) and team (MSF) feedback
  - Clinical, research/QIP, leadership & education
  - Significant events, compliments/complaints
  - PDP & record of achievement

# FCP Verification Process

- Stage 1 – verified
- Stage 2 – verified
- Verification as an FCP in primary care
  - Stage 1 & 2 signed off
  - Verification form complete
  - Links to HEE Centre
- HEE Centre - audit a percentage – FCP & Supervisor
- Process under development for Stage 3

# Primary Care Training Hubs

- Support FCP pipeline
- Work with HEI to provide FCP module placements
- Train Roadmap Supervisors using sentinel trainers
- CPD for Roadmap Supervisors
- Identify Advancing Practice Forums
- Working with Primary Care Schools re QA
- Working with regional advancing practice faculties to support advanced practice in primary care

# Primary Care Schools

- Manage regional directories – trainee FCP, recognised FCP, those wanting to progress to Stage 3
- Manage regional register of Roadmap Supervisors & ensure updates
- QA of verification process & link to Centre
- With training hubs - approval processes for practices/placements

# Regional AP Faculties

- Regional faculty – AP across all settings
- Regional Lead + Assessment & Supervision Lead
- Liaise with PC Schools & TH
  - pipeline of advanced practitioners
  - primary care placements for HEI & AP
  - Upskilling/top up to AP capabilities

## Collaboration to support
